PROFESSIONAL SUMMARY

Information Technology undergraduate with hands-on experience in Full Stack Web Development and Software Development. Skilled in Java, Python, React, and Spring Boot with strong knowledge of Object-Oriented Programming and Web Application Development. Experienced in building REST APIs, database-driven systems, and scalable web applications using PostgreSQL.

TECHNICAL SKILLS

- **Programming Languages:** Java, Python
- **Frontend Development:** HTML, CSS, React.js
- **Backend Development:** Spring Boot
- **Web Development:** REST APIs, API Integration
- **Databases:** PostgreSQL, MySQL, Database Management
- **Tools:** Git, GitHub, Postman, IntelliJ IDEA, VS Code
- **Deployment:** Netlify, Render
- **Architecture:** Microservices

PROJECTS

MK Training Center Website – Full Stack Project

- Developed a responsive training institute web application using HTML, CSS, and JavaScript.
- Built a student registration system connected to a Spring Boot backend API.
- Implemented REST API integration between frontend and backend.
- Managed student records using PostgreSQL and performed database management operations.
- Developed an admin dashboard to monitor student registrations.

Diabetic Nephropathy Prediction Using TabNet - Deep Learning Project

- Developed a TabNet deep learning model to predict diabetic nephropathy from patient medical data.
- Used features like HbA1c, Creatinine, Albumin, Blood Pressure, and Glucose levels.
- Performed data preprocessing and model training using Python.
- Used SHAP to explain model predictions and identify important features.
- Evaluated the model using AUC-ROC, Sensitivity, and F1-Score.

INTERNSHIPS

Full Stack Developer Intern | MK Trainings | Jul 2025 – Aug 2025

- Built end-to-end web application components across frontend, backend, and database layers.
- Developed RESTful APIs using Spring Boot.
- Implemented authentication and secure API communication.
- Used GitHub for version control and collaborative software development.

CERTIFICATION

AI-Powered Java Full Stack Development| SLA Institute| Mar 2026 - Aug 2026

- Learning **Java, Spring Boot, REST APIs, HTML, CSS, JavaScript, React**
- Working with **MySQL/SQL** for database design and queries
- Developing **full-stack web applications with CRUD operations**
- Basic exposure to **AI tools and real-time project development**

Cambridge English ESOL – Business English (CEFR A2) | 2023

EDUCATION

Bachelor of Technology – Information Technology
Anna University (Affiliated)
Alpha College of Engineering, Chennai
Nov 2022 – Mar 2026
